Dear Roland,

Thank you for participating in our *2021 Angels Take Out* fundraiser and for your percentage contribution of **\$1,603.55** that helped make this a successful year!

There is no question 2020 was physically, mentally, and financially hard on everyone. That's why your participation to Kitchen Angels means so much!

Your gift supports the charity event that takes place every day when our volunteers prepare, package and deliver hot meals to our homebound clients who are living with chronic or terminal illness. As a support program, Kitchen Angels provides a continuum of service that helps to maintain the physical and emotional well-being of our clients. Our program provides meals that meet the basic needs of individuals who cannot provide adequate nutrition for themselves.

Thanks to our valiant crew of volunteers, 84 cents out of every dollar donated to us goes directly to client services. So you may rest assured that your generosity will benefit those who need it most.

Your commitment to community is one of the things that keeps our vision fresh. You're an angel in our book!

With gratitude,

Dwayne Trujillo  
Development Officer

*Roland, thank you
